DETAILED REPORT OF SALMON FISHING OPERATIONS, BY LOCALITIES AND APPARATUS.

It is desired that this information be prepared with accuracy and detail, so far as the packers' records can by reasonable effort be made to furnish it. Different streams in the same bay or sound should be separately reported so far as the catch can properly be credited to each. Catches not certainly referable to particular streams may be reported under the head of the bay, sound, or region.

## DOBBINS PACKING COMPANY

ALASKA CRABS AND SHELL FISH

NEWPORT, OREGON

3/8/23

Commissioner of Fisheries,  
Washington D. C.

Dear Sir:-

Herewith ~~xxx~~ find report of salmon purchased and canned by Dobbins Packing Company. Our report on file with your office showed the amount of salmon canned but did not show ~~source~~ source of fish. We bought from independent fishermen entirely having no gear out and all we have is the fishermen's word as to where they came from.

The writer was under the impression that the independent fishermen reported on their catch but will should we can during the next season keep as accurate data as possible on this at the plant.

As shown by report our pack was small being 1117 cases 48  $\frac{1}{2}$  lb cans. We resold most of the chums purchased.

Very sincerely

Secty
